

2008 American Society for Engineering Education North Central Section Conference

March 28-29, 2008

Dayton, OH

Call for Papers

The Role of Engineering Education in an Evolving Global Community

Authors from engineering and engineering technology are invited to submit papers based on their recent pedagogical research activities. Papers addressing the theme “*The Role of Engineering Education in an Evolving Global Community*” will be given first priority and other topics may include, but not limited to:

- ABET Accreditation
- Curriculum Innovations/Restructuring
- Distance Education in Engineering
- Engineering Education for a Changing World
- Fostering Undergraduate Research
- Freshman Engineering Programs
- Impact of Shrinking State Government Resources on Higher Education
- Industrial/University Partnerships
- Innovative Education Methods
- K-12 Initiatives
- Learning Communities
- Life-long Learning
- Multimedia Classrooms of the Future
- Outcomes Assessment
- Recruitment and Retention Programs
- The Place of Ethics in Engineering Education
- Web Technology

Submitted papers will be accepted on the basis of peer review process of the complete manuscript. All accepted papers will be included in the conference proceedings, and authors are expected to present their papers at the conference to facilitate the transfer of knowledge through presentations and discussions.

Students are invited to submit papers on their senior design projects and research experiences, and compete for the **Best Student Paper Award**

Timeline:

Abstract Submission Due	Dec 15, 2007
Abstract Acceptance Notification	Dec 31, 2007
Paper Draft Due	Jan 25, 2008
Paper Acceptance Notification	Feb 28, 2008
Final Paper Submission Due	Mar 14, 2008
